

WATER FILTRATION PLANT, RO AND SAND FILTRATION

Introduction

We "AA Engineering Pvt. Ltd." are leading **Manufacturer, Supplier, Trader and Exporter** of a wide range of industrially developed and custom designed **Water Treatment Plants** such as **Bottle Filling Machines, Packaging Machine, Water Distillation Plant and Many more.**

Product Specification

Installation Services Required	Yes
Frequency	50 Hz
Feed Flow Rate	20 meter queb.per hour
Inlet Water Inductivity	7 to8 ph value
Operating Pressure	Max 15 kg
Outlet Water Conductivity	As per party s requirement
Piping Material	S.S.and c.pvc
Source of Water	Borwell
Technology	Revrse Osmosis
Valve Size	50 nb
Vessel Diameter	24 x 72
Vessel Height	72 inchess
Voltage	230-415 Volt
Automatic Grade	Semi Automatic
Material	SS
Type Of Machines	RO
Power	15 kw.
Phase	3 Phase
Power Source	Electric
